ICT facilities in the college for effective teaching-learning

Rishi Bankim Chandra College for Women provide all modern technological support for teaching and learning process. Being a modern institute, R.B.C. College for Women encourages the use of ICT enabled tools and online resources for effective teaching-learning process. Most of the teachers of the college use ICT tools and resources available in the campus. During the lockdown period, they conducted online classes through video conferencing on the platform of Google Meet or Zoom. Webinars too were organised online for the benefit of students, scholars and faculties. The social media platforms like YouTube and whatsapp were also used to communicate to the learners. There is a computer lab in the college to provide support to the Computer Lab based subjects. The college library has e-resource and web OPAC where students and faculties browse e-resources and whatsapp group for active communication. There is also an e-learning centre in the library.

During the academic year 2020-21, the institution organised two state webinars on 'Teaching, learning and evaluation in virtual platform' named 'Virtual Learning environment: Practical approach' and 'e-Adhyayan' with collaboration with K.K. Das College at Garia, Kolkata. The college offers to the faculties and students more than 50,000 e-books and nearly 6000 e-journals for which it subscribes annually.

There is an ICT-enabled smart classroom in the college. Besides this, there is a seminar hall with ICT facilities. Departments have laptops too for making PowerPoint presentations. In the library, there is a students' corner where students can browse study materials on computers.
