Question Pattern of UG Physics (CBCS)

1. Question pattern for the *Theory* papers of the end semester examinations will be as follows

a) FM 40: For the *theoretical (T) component of each paper of credit 4(T)+2(P)*

Question No. 1. Short answer type, 2 marks each: Student has to answer 10 questions out of a total of 14 questions (marks $2 \times 10 = 20$). This question is compulsory.

Question No.s 2-5: Each of marks 10 having more than one part which may not be related the each other. A student has to answer two out of these four questions (marks $10 \times 2 = 20$).

b) FM 50: For all papers of credit 5 (Theory) +1 (Tutorial)

Question No. 1. Short answer type, 2 marks each: Student has to answer 15 questions out of a total of 20 questions (marks $2 \times 15 = 30$). This question is compulsory.

Question No.s 2-5: Each of marks 10 having more than one part which may not be related the each other. A student has to answer two out of these four questions (marks $10 \times 2 = 20$).

In both the above cases the questions should be distributed evenly over the whole syllabus.
